

# Presentation: NovoConnect App

# Using

Download and install NovoConnect App from Apple App Store or Google Play Store, and then follow these simple steps to join a meeting

1. Step 1. Make sure your computer is in the same network as the Novo device.
2. Step 2. In NovoConnect App, you have two options to join a meeting.
  - Select the desired Novo device from “QR Code” , “Nearby Devices” , or “History” .
  - Or, manually enter Meeting ID, IP address or Meeting Room Name
3. Step 3. After joining,

- Start presenting:

- Pause presenting:

Other than projecting your screen to the big screen, you can enhance your meeting by sharing up to 4 screens simultaneously, or using the big screen as a extended desktop.

More sharing tools are available in, including YouTube/Video Clip, File Sharing, AirNote, & Voting/Polling, etc., all of which could help you conduct a collaborative and engaging meeting.
